

Logitech®

LS21 2.1 Multimedia Speakers™

2.1 Stereo Speaker System with Subwoofer

Full, Balanced Audio with Contemporary Styling

The Logitech® LS-21 2.1 Multimedia Speakers™ deliver great sound for all your music, games, and movies – all from a modern, space-saving design that looks great on your desk. High-excursion drivers and a down-firing subwoofer produce full, balanced audio and deep, rich bass. The wired control pod and headphone jack provide extra convenience.

Key Features

- High-excursion satellite drivers for rich sound in a compact profile
- Down-firing subwoofer that delivers deep, rich bass
- Wired control pod for easily adjusting volume
- Convenient headphone jack for private listening
- Cable management system that helps reduce clutter

Logitech®

LS21 2.1 Multimedia Speakers™

2.1 Stereo Speaker System with Subwoofer

Logitech

High-Excursion Satellite Drivers for Rich Sound in a Compact Profile

Despite their compact size, these high-excursion drivers produce rich mid-tones and clear highs, giving you full, balanced audio for all your music, games, and movies.

Down-Firing Subwoofer that Delivers Deep, Rich Bass

Featuring a 4-inch Max-X™ high-excursion driver and real-time bass equalization, the compact, down-firing subwoofer delivers a deep, rich bass response, adding that little extra to your listening experience.

Wired Control Pod for Easily Adjusting Volume

The wired control pod extends your reach, making it easy to adjust volume or power your speakers on and off.

Convenient Headphone Jack for Private Listening

The headphone jack is built into the control pod, so it's easy to connect a stereo headset whenever you want to listen privately.
