

TRAVELER N2U-100

Carbon Texture Folio for Samsung Galaxy Note II

Carbon Fiber Leather - Feels As Good As It Looks

One look at the TRAVELER N2U-100 tells you everything you need to know. It's a captivating blend of dynamic style and luxury. The carbon textured leather and silk rubber coated frame gives you the look of an executive while protecting your drops, dust and spills. A soft inner prevents scratches. Cuts outs give you full access to all ports, controls, and cameras. You can even answer calls without opening the folio.

Features

- Stand function for hands free view
- Protects your Note II from scratches and dust
- Full access to all ports, controls and camera
- Answering the call without opening the folio
- Built in pockets to store the cards
