MasterBox 5

You Decide the Inside

Unlock your build's inner potential with the MasterBox 5:

This case's straightforward design comes with conveniently placed cut-outs, making component installation, interior expansion, and multiple interior layouts simple and easy. The MasterBox 5 can also support larger, high-end components, air and DIY water cooling. Keep your system looking clean with the possibility of using numerous routing holes and covers for your PSU.

Product Features

- **Flexible mounting:** easily mount and rearrange SSDs across the motherboard tray, along the bottom shelf or the back
- **Expansion support:** motherboard tray cutouts allow enough space to fit high-end motherboards, high end CPU cooler and reservoir mounting for DIY (do it yourself) cooling
- **Clean cabling**: all system setups have space for hidden cable management
- **Compact cooling**: supports three 120mm fans including two at the front, and one at the back, or a 280mm front radiator for DIY liquid cooling. With an optional extra bracket you can extend it to 360mm liquid cooling and up to three 120mm fan at front*
- **You Decide the Inside:** create a design that follows your personality, and preferences. The case is designed to allow user to install his components with much freedom. Here are few configurations examples:

  *LED lighting components represented above are optional

Make It Yours.

Flexible Mounting and Clean Cabling

01
Storage Slots*

SSD Bracket

❶❷❸❺

*The 3.5" cage also allows the user to mount an SSD bracket on the top.

* Each slot supports one type of cage/bracket (except position ❹, which only supports a 3.5″ cage, but with the possibility of installing an SSD bracket on top of it).

3.5" Cage

❹

Easy adjust bottom HDD cage position for front fan or radiator installed in front

* With optional bracket. The 3.5" HDD cage position can be adjusted to positions.

❶❷❸

02
Motherboard Slot*

❶ATX

❷Micro-ATX

❸Mini ITX

The case supports multiple motherboard sizes

*Each slot supports one motherboard type

Compact cooling

03
Air Cooling
System*

❶ Rear cooling fan support :

120mm fan. x 1

❷ CPU Cooler support:

Max. height: 167 mm

❸ Front cooling support with the possibility of installing

up to 3 120mm fans (if with optional fan bracket), or up to 2

140/120 mm fans in the front:

Cooling
System*

Radiator Support

*❷
360mm

❷
280mm

❷
240mm

❷
140mm

❶❷
120mm

*Each of these radiator formats can be fixed to the case's front panel. If you

install a 120mm radiator, you can also put it on the back, at position ❶ .

* with optional front bracket , supports up to 360mm radiator

Reservoir Mounting Support

Ease of use

**05
Cable
Management**

Ample space for cable management

❶ An easy opening for CPU cable.

❷ A 25mm cable space for hiding cables.

❸ A bottom 35mm cable space for hiding cables.

06 Others

Six routing holes for any system configuration

410mm

Supports graphic card up to 410mm in length

SSD can also be installed behind the motherboard tray

Easy fan installation without removing the full front bezel, but simply by removing the front panel

Convenient opening for easy graphic card(s) installation

Easy maintenance with dust filters.

Specifications

Product Number		MCX-B5S2-WWNN-01
Available Color		White
Materials		Steel body, Plastic mesh bezel
Dimensions (LxWxH)	**All**	500 x 220 x 475mm
Motherboard Support		ATX, Micro-ATX, Mini-ITX
Expansion Slots		7
Drive Bays	**5.25"**	cages are sold separately
	Combo 3.5" / 2.5"	2
	SSD	1
I/O Port		USB 3.0 x 2, Audio in / out
Pre-installed Fan(s)	**Front**	120mm x 1
	Rear	120mm x 1
Fan Support	**Front**	120mm / 140mm x 2
	Rear	120mm x 1
Liquid Cooling Support	**Front**	240mm / 280mm radiator, up to 50mm thickness without fan
	Rear	120mm
Clearances	**CPU Cooler**	167mm / 6.5"
	PSU	180mm / 7.1"
	GPU	410mm / 16.1"
Cable Routing	**Behind Motherboard Tray**	25mm - 35mm
Dust Filters		Front, bottom
Power Supply Support		Bottom mount, ATX
