Make it Yours

COSMOS C700 Series of chassis offers a lot of flexibility to choose a unique way to build up your system. The Rear Panel will create an unique aesthetic and performance value for your system.

It is designed to be used when you turn the removable motherboard tray 90 degree clockwise to avail chimney effect air ventilation in your PC system. The Rear Panel allows you to route and manage your rear panel cables properly and nicely. The hexagon holes design is to maximize the airflow efficiently for better cooling performance.

Features

Specifically designed – To be used when motherboard tray turned 90 degree to cover the rear panel on COSMOS C700 Series

Maximize Airflow – The hexagon holes gives the most opening rate to reduce airflow resistance

Clean Cable Management – With the additional rubber grommet you can keep your cable routing clean and neat

Specifications & Packing Information

Product Number	MCA-C700C-KRP000
Product Name	Rear Panel for COSMOS C700 Series
Units per Package	1 piece per package
Available Color	Black
Materials	Steel & Rubber
Dimensions (LxWxH)	430 x 216 x 29mm / 17.0 x 8.5 x 1.14inch
Net Weight	335g / 11.8 oz
Gross Weight	510g / 18.0 oz
Warranty	1 year
EAN code	4719512064436
UPC code	88102037108
Carton Net Weight	10.2kg / 22.5lb
Carton Gross Weight	11.1kg / 24.3lb
Retail Box Dimension(L x W x H)	430 x 216 x 29mm / 16.9 x 8.5 x 1.1inch
Carton dimension (L x W x H)	635 x 450 x 240mm / 25.0 x 17.7 x 9.5inch
