The MasterFan Pro RGB Series provides air cooling solutions for all your PC building needs, ideally for CPU coolers and chassis in-take fans. It is fitted with multiple layers of our specialized noise reduction technologies and a perfect blend of fan blade designs that work in harmony to cool your entire system in silence. With the RGB LED Controller and Cooler Master's exclusive software, take full control of your rig's lighting and take it to the next level. Take advantage of countless combinations of colors and lighting effects, from presets to full customization. Have the PC lighting you want without an RGB capable motherboard. This compact controller easily fits inside your case and conveniently attach to any metallic surface with built-in magnets.

Features

Custom Colors – Bring your rig to life with unlimited color options. Use red or blue lighting with a simple switch or choose from the entire RGB color spectrum when using the Cooler Master
RGB LED Controller.

Cooler Master Software – Take full control of your fan colors when using the Cooler Master RGB LED Controller and software. With lots of fun preset modes to choose from you can have awesome lighting with none of the hassle. Have fun customizing your lighting and create the PC of your dreams.

Hybrid Design – A combination of both jet engine and helicopter blade designs gives you the static air pressure you need without sacrificing airflow.

Silent Cooling – Exclusive noise reduction technology coupled with noise absorbing rubber reduces rattling, clicks, and vibration sounds. Get the cooling you need without the noise you don't.

Jam Protection – Smart fan sensor technology automatically stops fan motor if jammed by foreign objects.

Specifications & Packing Information

Product Name		MasterFan Pro 120 Air Balance RGB 3 in 1 with RGB LED Controller
Product Number		MFY-B2DC-133PC-R1
Fan	Profile	Red, Blue, RGB
	Dimensions	120 x 120 x 25 mm(4.7 x 4.7 x 1 inch)
	Fan Speed	650-1300 RPM ±10% (PWM)
	Air Flow	42.7 CFM
	Air Pressure	0.96 mm H2O
	Noise Level	6 – 20 dBA
	MTTF	490,000 Hours
	L-10 Life	70,000 Hours
	Fan Connector	4–Pin
	Rated Voltage	12 VDC
	Rated Current	0.32 A
	Safety Current	0.4 A
	Power Consumption	3.84 W
	Weight	162 g
RGB LED Controller	Dimensions	90 x 53 x 14mm (3.54x2.08x0.55i inch)
	LED Connector	4 Ports
	Interface	9-Pin USB 2.0 Connectors
	Power Connector	SATA Power
	Software	Yes
	Accessory	450mm RGB LED Extension Cable x 4 600mm USB 9 Pin Extension Cable x 1 Metal Screw x 12
Warranty		5 Years
