

## ALTA 10

- Copper core provides excellent heat transfer
- Radial heatsink with high-efficiency 92mm fan
- Easy installation with push-pins

Intel: LGA1156/1155/1150/775

## ALTA 9

- Ideal thermal solution for Intel LGA775/LGA115X
- Radial heatsink with high-efficiency 92mm fan
- Easy installation with push pins

Intel: LGA1156/1155/1150/775

## ALTA 7

- Patented  $\Phi 92 \times 32$ mm upside-down fan
- Aluminum heatsink dissipates heat efficiently
- Easy installation with push pins

Intel: LGA1156/1155/1150/775

## BETA 40

- Patented  $\Phi 92 \times 32$ mm upside-down fan
- Aluminum heatsink with copper insertion
- Mirror polished base provides perfect contact

AMD: AM4/FM2/FM1/AM3+/AM3/AM2+/AM2

## BETA 11

- Patented  $\Phi 92 \times 32$ mm upside-down fan
- Thicker anodized black heatsink

AMD: AM4/FM2/FM1/AM3+/AM3/AM2+/AM2

## BETA 10

- Patented  $\Phi 92 \times 32$ mm PWM upside-down fan
- Aluminum heatsink
- Mirror polished base

AMD: AM4/FM2/FM1/AM3+/AM3/AM2+/AM2
