COOLER MASTER Make It Yours.

The Wraith Ripper is a product developed through an exclusive collaboration between Cooler Master and AMD. The 120 mm SERVO fan, seven Copper Heatpipes Air Cooler is designed to keep the AMD's 2nd Generation Ryzen Threadripper CPUs cool under any computing condition. The dual tower heatsink covers more surface area. Creating a more effective way of dissipating heat.

The Wraith Ripper's elegant Addressable RGB lighting, puts the power of creating the best lighting in your hands.

The TR4 mounting system makes it the easiest Threadripper cooler to install. The four long screws on the top of the air cooler gives you the easiest way to install on the TR4 bracket.
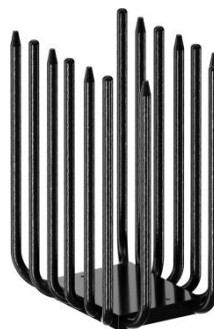

Features

Designed & Optimized for Socket TR4
Features a larger contact surface area that is specifically tailored for Ryzen Threadripper

Dual Tower Heatsink
A combination of two sets of heatsink covers more surface area and dissipates heat more efficiently. The jet black paint enhances cooling performance

Build-in Wraith Ripper RGB Software
With our exclusive partnership Cooler Master and AMD designed a software that allows you to take full control of your rig's lighting. Take your cooling and lighting to the next level

Easy TR4 Mounting System
Exclusive All-In-One TR4 mounting design for easy installation

EAN code	4719512075074
UPC code	884102047565
Net weight (Kg)	1.62
Gross weight (Kg)	2.2
Package Dimension (L x W x H)	19 x 18.9 x 23 cm
Carton Dimension (L x W x H)	58 x 39 x 26 cm
Unit / Carton	6 pcs

Specifications & Packing Information

Product Name		Wraith Ripper
Product Number		MAM-D7PN-DWRPS-T1
CPU Socket		AMD TR4
Dimensions (L x W x H)		150 x 132.3 x 160.5 mm 5.9 x 5.2 x 6.3 inch
Heatsink Material		7 Heat Pipes / Aluminum Fins
Lighting	LED Type	Addressable RGB
	Control Method	Wraith Ripper RGB Software
	Power Connector	SATA Power
	Interface	USB connector (9-Pin)
Fan	Dimensions	120 x 120 x 25 mm (4.7 x 4.7 x 1 inch)
	Quantity	1 PCS
	Speed	0 ~ 2750 (PWM) ± 10%
	Air Flow	76.4 CFM (Max)
	MTTF	490,000 Hours
	Noise Level	0 ~ 38 dBA
	Power Connector	4-Pin (PWM)
	Rated Voltage	12 VDC
	Rated Current	0.45 A
	Safety Current	0.6 A

Key Features

DUAL TOWER HEATSINK
A combination of 2 sets of heatsink allows bigger and more spread out surface area. The black paint enhances radiation cooling performance

7 HEATPIPE ARRAY
Enhanced thermal conductivity and uniform layout distributes heat over more evenly across heatsinks

DESIGNED & OPTIMIZED FOR TR4 SOCKET
Features a larger contact surface area that is specifically tailored for Ryzen Threadripper

WRAITH ARMOR
Specialized designed air-guide armor guides the flow of air for peak cooling performance and reduce dead heat spots. Illuminated by Addressable RGB LED's for full customization

AMD LIGHTING BADGE
The AMD Ryzen Threadripper logo's vivid display of Addressable RGB LEDs provides unique perspective light effect

BUILD-IN WRAITH RIPPER RGB SOFTWARE
Together with Cooler Master software allows you to take full control of your rig's lighting and take it to the next level

EASY TR4 MOUNTING SYSTEM
exclusive All-In-One TR4 mounting design for easy installation

SERVO 120 EDITION
Design with silent driver IC for a perfect combination of silence and performance. The re-design servo bearing for 24/7 non-stop operation

Wraith Ripper RGB Software Interface
