MM830
MM-830-GKOF1

UNLEASH YOUR HIDDEN TALENTS

Control is the name of the game with the ergonomic MM830 gaming mouse. Top-of-the-line, 24,000 DPI sensor to meet and beat any gaming situation, while a hidden D-pad gives fast access to your most vital abilities and skills in-game. Durable PBT material to reduce wear and tear, RGB illumination to flash your personality, and customizable OLED to display settings or flaunt your colors, the MM830 is the weapon of choice for those who want to carry their team to victory.

FEATURES

- **Hidden D-Pad** – Always within reach and out of the way, unleash your ults or vital abilities with four hidden buttons in the thumb-rest area for unmatched fast access
- **Precision Wheel** - Adjust all your settings from one wheel - and across all Cooler Master devices
- **RGB Illumination** - Give your victories some flashy good looks with 4-zone RGB illumination
- **Quality Construction** –PBT chassis minimizes wear and tear due to sweat, sun, and Cheeto dust. Omron switches and Japanese ALPS scroll encoder for nice snappy weapon switches.
- **24K Sensor** – Bigger and better with top-of-the-line sensor and adjustable to 24,000 DPI for any and all battle situations
- **OLED Display** – Flaunt your colors, rep your clan, or keep track of your APMs, DPI settings, or anything you can imagine with a customizable 96x64 OLED screen right on the mouse.
