

LOGITECH® WIRELESS MOUSE M325

2014 COLOR COLLECTION

FIND YOURSELF IN A SPECTRUM OF STYLE

Say goodbye to choppy scrolling and tricky touch pads. With micro-precise scrolling and a feel-good contoured design, this web-friendly wireless mouse makes everything you love to do online easier*. Treat yourself to a mouse bursting with color and sweeter than ever, from the new Logitech Eye Candy Color Collection.

(left to right) Bubbly, Curvaceous, Free Spirited, Perfectly Pewter, Quirky, Simply Serene, and Ticked Pink

FEATURE AT A GLANCE

A precision wheel for the web

Micro-precise scrolling is designed for how you use the web:

- Spin the wheel to fly through long web pages
- Tilt left or right to move backward or forward on the web***
- Switch instantly to line-by-line scrolling

Feel-good design

- Contoured shape and textured rubber grips keep your hand comfortable, even after long hours of use
- Based on the best-selling mouse shape in the world****

Extra-long battery life

- Go for up to 18 months without a battery change**
- Smart sleep mode saves power
- Power indicator light eliminates surprises

Convenient Logitech Unifying receiver

- Wireless receiver is so tiny it can stay in your laptop
- Add compatible devices like a wireless keyboard without sacrificing USB ports
- Robust 2.4 GHz wireless gives you the reliability of a corded connection

WORKS WITH

- Windows® XP, Windows Vista®, Windows® 7, Windows® RT, Windows® 8
- Mac OS® X 10.5 or later
- Linux kernel 2.6+
- USB port

WHAT'S IN THE BOX?

- Mouse
- Logitech® Unifying receiver
- 1 AA battery (pre-installed)
- User documentation
- 3-year limited hardware warranty

* Designed to improve your online experience, the wheel also helps perfect scrolling when you're using other applications, such as Microsoft Office or Adobe PDF. ** Battery life may vary based on user and computing conditions. *** Tilt wheel will not support backward/forward on Mac computers but will support Dashboard, Exposé or Spaces (when you select in System Preferences). **** Based on independent sales data (in US\$ currency) for CA, US, AU, FR, DE, IT, from September 2008 through August 2010.

What to look for			
Connection Strength: The higher the signal strength, the more reliable your connection will be. Especially important in busy wireless environments like airports.	2.4 GHz	2.4 GHz	2.4 GHz
Tracking Quality: Look for smooth, precise cursor control. The higher the quality, the easier it is to navigate documents and web pages. The best also work on more surfaces, including glass.	Advanced optical sensor	Advanced optical sensor for multi-surface tracking	Also works on glass
Power Management: Stay more productive and eliminate hassles with longer periods between battery changes or a rechargeable mouse.	1 AA battery (18 months max. battery life)	2 AA batteries (3 years max. battery life)	2 AA batteries (6 months max. battery life)
Wireless Receiver: The receiver stays in your computer for cordless mouse control. The smaller the receiver (from standard to nano size), the more convenient it is. The Unifying receiver also lets you add compatible Unifying devices like a wireless keyboard.	Unifying receiver connects up to 6 Unifying-compatible devices	Unifying receiver connects up to 6 Unifying-compatible devices	Unifying receiver connects up to 6 Unifying-compatible devices
Scrolling Performance: Scroll through long documents and web pages without having to drag the scroll bar. Performance ranges from fast to hyper-fast.	Better	Better	Best
