M2070W 20PPM Mono Multifunction Laser Printer

FEATURES

FEATURES

Make your smartphone even smarter with NFC technology

Print virtually any content with a simple tap from your mobile device

Save time and effort with it's simple and intuitive design

Reduce paper and energy consumption with Samsung's Easy Eco Driver

Product Configuration

Easy on the environment

Eco-friendly and award-winning software lets you save on toner, paper, and energy with the push of a button. Print multiple pages on one sheet, change colour to greyscale or skip blank pages.

Waste not

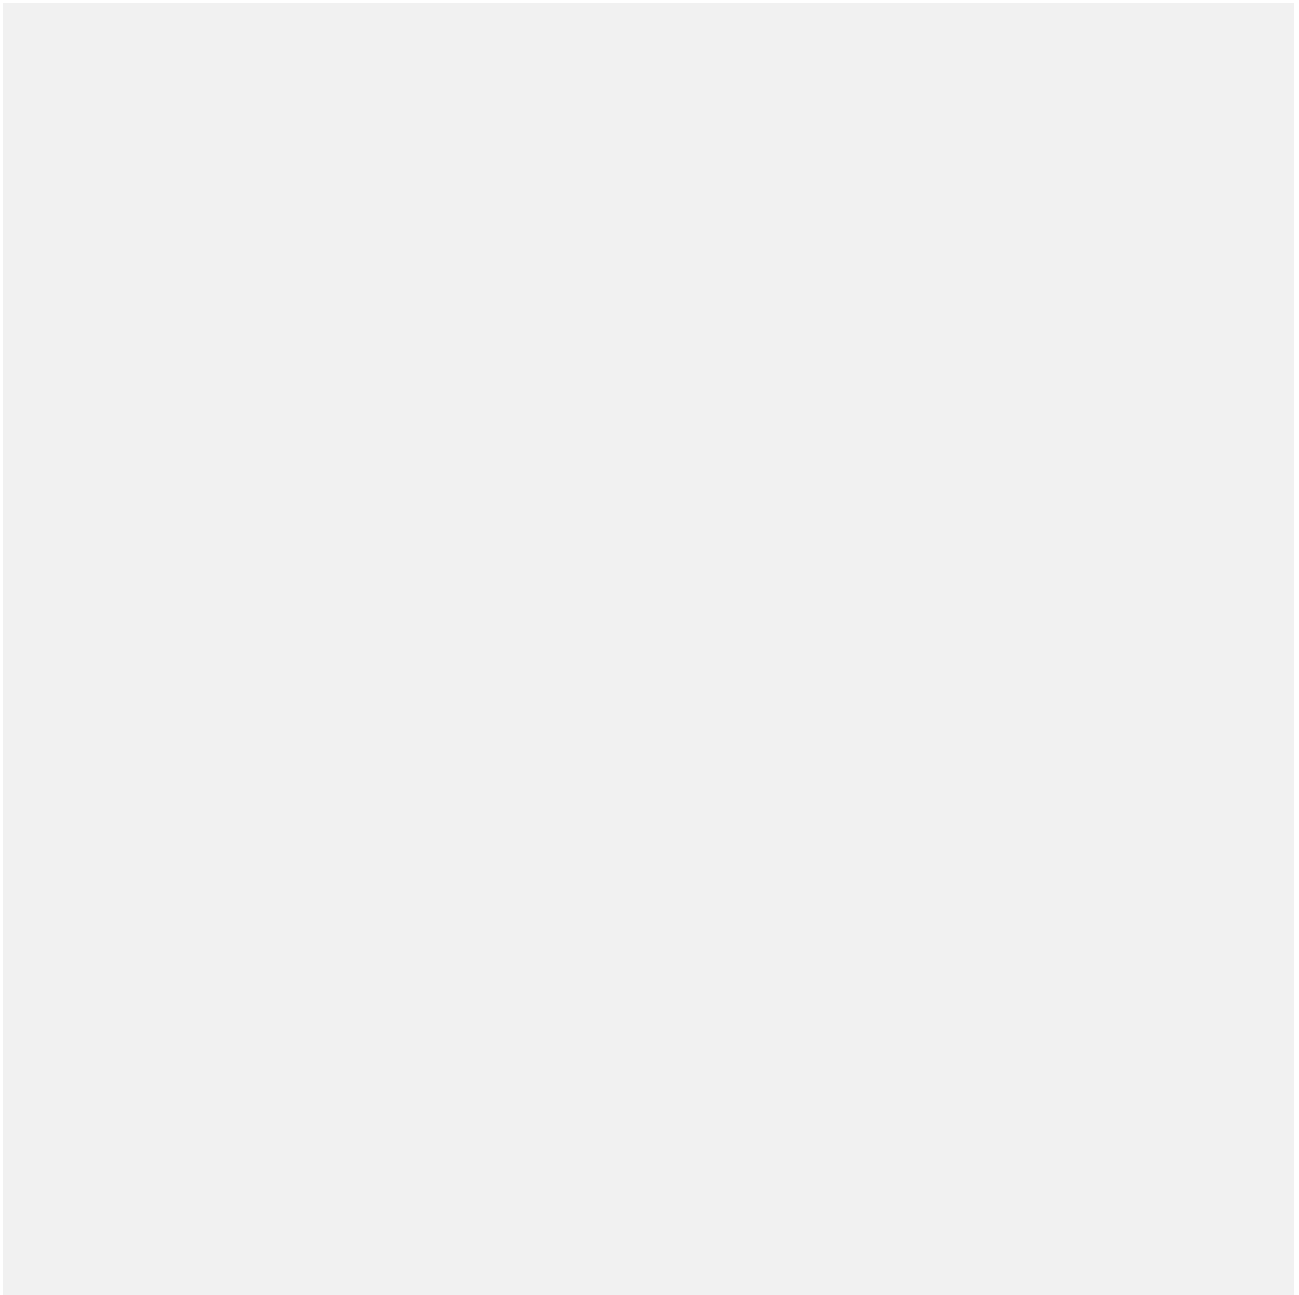

Engage the duplex feature to print on both sides of paper. Save money (and trees).

Simple ways to save

A separate system for toner and imaging means you can enable toner saver mode (to save up to 20%). Also, that you only need to replace the cartridge when it's truly empty, instead of as a package with the imaging drum.

Beyond paper

A separate multipurpose tray lets you print on labels, envelopes, transparencies, even heavy card stock (up to 220 grams per square meter).
